This calendar is a 'live' calendar and will be added to and grow as members input ideas and offer to run trips to various locations and at varying levels of 4WD capabilities - from soft roaders to leaf sprung Series vehicles right through to the extreme 4WD stuff.................................. we will keep you informed as the calendar develops.

There are plans in the air for various training courses (driver, trip leader, first aid, navigation, etc) plus a couple of 'farm stays' and trips in the Central West, North West and Northern Tablelands. There is also a possibility (depending on interest) of an African Trip either in 2012 or 2013.

Land Rover Owners Club of Australia (NSW Branch) Inc.
